"Some of you may be aware of the controversy concerning Peter Hallock, and whether or not he was the first of our family on Long Island. Over the years there have been attempts by family members to locate proof, both here and in England, that would answer these important questions. Most recently, we've been following the exploits in the Newsletter of one of our former Presidents, Marjorie Niesen, in her search for the elusive Peter Hallock.

Also included is an excellent article written by Richard Baldwin entitled: Family founder Peter Hallock: Fact or Fiction? In his usual manner Richard very carefully examines all sides of the issue, and concludes by suggesting that William Hallock be considered our family founder in America."

p. x-xi. "The names of Peter and his wife, the widow Howell, do not appear in the early records of Southold. It seems probable that they either died or returned to England befodre recodrds were kept or deed recorded."."
